A list of additions to the Bermuda National Library January to December 2018

Included are works about Bermuda and Bermudians, published both locally and abroad, works published in Bermuda on other subjects, and works published abroad by Bermudians. The *Bibliography* covers monographs, periodical publications, published and unpublished Government and other reports, audio-visual materials, and items in other formats when applicable.

The list is arranged according to the 23rd edition of the *Dewey Decimal Classification* and catalogued according to the provisions of the 2002 edition of the *Anglo-American Cataloguing Rules or Resource Description & Access (RDA)*. Occasionally notes have been left out or abbreviated. Full bibliographic records can be viewed in the online catalogue via the Bermuda National Library's website at www.bnl.bm.

The *Bermuda national bibliography* is produced on a quarterly basis with annual cumulations.

All issues of the *Bibliography* (from 2006 to the present) are available free-of-charge online via the Bermuda National Library's website at www.bnl.bm. Print copies of the *Bibliography* are available for in-house use at the Bermuda National Library.

EXPLANATION OF ENTRIES

- 1 917.299 A
2 **Augustinovic, Horst.**
3 What you may not know about Bermuda.
 Volume three / by Horst Augustinovic. –
4 Hamilton, Bermuda : Print Link, [2015]
5 111 pages : illustrations (some colour),
 facsimiles, maps, portraits ; 26 cm
 "Written for Bermuda"–Cover.
 ISBN: 9780947480080 : \$24.00
6 1.Bermuda–Guidebooks. 2.Bermuda–Social
 life and customs. 3.Bermuda–History. I.Ti.
 II.Ti.:About Bermuda.

1. The first element of this sample entry is the Dewey Decimal Classification number:

900 - GEOGRAPHY, HISTORY, AND AUXILIARY DISCIPLINES
910 Geography and Travel
917.2 Geography of and Travel in North America
917.29 Geography/Travel West Indies and Bermuda
917.299 Geography/Travel Bermuda

In other words, each Dewey Decimal number represents a subject. The Dewey number is followed by a letter of the alphabet, "A" in the above example. This letter represents the first letter of the main entry heading (usually the first letter of the author's surname).

2. **The main entry heading is printed in bold type.** The main entry heading in the above example is the author, **Augustinovic, Horst.** The "author" of a work is sometimes a Government Department or some other agency or body, e.g., in the text there are main entries like this: **Bermuda. Ministry of Finance. Dept. of Statistics.** Anonymous works, most works produced under editorial direction, most serials, and other works where the authorship is diffuse, are entered under the first word of the title which is not an article.
3. The title is: "What you may not know about Bermuda. Volume three." A diagonal slash "/" following the title precedes the name/s of the individual/s or organisation/s considered to be responsible for the contents of the work, e.g., authors, editors, illustrators, etc.
4. Statements relating to the publication of the item are listed next in the example. In this case, the date is enclosed in square brackets "[]". Square brackets are used to indicate information supplied by the cataloguer. Publication dates are recorded in square brackets when the item contains a copyright date but no publication date or if the date is obtained from somewhere other than the item in hand. The source of information in catalogue records can come from outside the document itself. If the place of publication, the publisher or the date of publication are uncertain, but there is some evidence which allows the cataloguer to make a reasonable guess, a question mark "?" is used. Therefore, the example shows that: the book was published in Hamilton, Bermuda by Print Link, in 2015.
5. The following lines vary from entry to entry but they always include statements about the size and physical description of the item. Records may also include notes about the source or contents of the materials or any other information that the cataloguer considers of importance. If the work has an International Standard Book or Serial Number (ISBN or ISSN) it is given along with the price. "No price" is used in the entries for items which are free of charge and for donations of out-of-print materials where a current market value cannot be easily determined.
6. The remainder of the record is a list of the added entries which were used by the Bermuda National Library when the book was catalogued, i.e., entries will be found under the subject headings, "Bermuda–Guidebooks," "Bermuda–Social life and customes" and "Bermuda–History" and under the titles, "What you may not know about Bermuda. Volume three" and "About Bermuda."

"June 2016."

The 1864 wreck of the iron-hulled side-wheel steamer Mary Celestia is a well-known and popular tourist diving attraction on the South Shore of Bermuda. The wreck was salvaged at the time of the wreck event and also later in the mid-twentieth century. In the 1980s it was the subject of non-intrusive archaeological study.

Extreme storm events in 2009-2010 exposed a probable wooden crate in the forepeak of the wreck as well as two corked and sealed wine bottles and an empty demijohn. Danger of loss through unauthorised recovery or ongoing erosion led to a programme of excavation in June 2011. Excavation of the forepeak revealed evidence of the site formation process as well as well-preserved wooden joinery, decking and artifacts. This report documents the excavation and analysis of the forepeak and its contents, and updates the archaeological, architectural and historical contexts of Mary Celestia.

153 pages : illustrations, facsimiles, portraits ; 26 cm

"This is the story of the life, and times of an amazing Bermudian woman, Dr Dorothy Louise Matthews Paynter, who worked her way up from humble beginnings, to make a success of her life. She started out without secondary education, but later settled on her true, vocation in life that gave her the opportunity to travel widely and enrich her existence. In her younger years, she began experimenting with hairdressing in her Grandma's kitchen, and perfected her skills through studies at Apex College in the USA, to become a professional in her field, managing her own business. After marrying with four children, the opportunity finally came to embark on a GED (General Education), course, at a newly, constructed adult education school. This move set her on a path of empowerment that motivated her ambitious mind, to progress from GED to PhD. A second chance of love brought her real happiness, and now at the height of maturity, her optimism shines through as she continues to embrace life to the fullest, treating each day with renewed vigour."—From amazon.com.
